Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The attorney describes the difference of the instant invention from that of the prior art. The attorney suggested to put "inline exhaust pipe" in the instant claim to exclude the cross-flow monolith of the WO. The attorney also suggested the possibility of adding the specific embodiments in table 2 of the instant specification. The examiner pointed out that there are other set of rejections besides the WO. Also, it is suggested that any changes after final rejection may be denied from entry.
